C Read the paragraph and circle TRUE (T) or FALSE (F). (30 pts.)

Jack is a high school student. He is 16 years old. He is from Bristol. He lives with his parents and twin sisters there. He gets up at 7 o'clock every weekday. First, he washes his face. Then he gets dressed. After that, he has breakfast at about 7:20. He eats quickly because the school bus takes him at 7:40. Classes start at 8:15. He has seven class hours a day. He usually has science subjects like maths, physics, chemistry and biology in the mornings. He eats lunch in the school canteen with his classmates. He often has elective courses like P.E, art and music in the afternoons. His favorite subject is biology because he has a special interest in living organisms. He also likes playing the guitar and singing. So, he looks forward to music classes. He is good at group works. Because he always gets on well with his friends and likes sharing things with them. Even after school he spends some time with them before he goes home and studies for the next day. He thinks school is a great place for learning new things and making good friends for life.
